# Deferred Compensation Program and Dependent Care Assistance Program

## Background

In 1981, the Washington State legislature established the Deferred Compensation Program (DCP) and created the Committee for Deferred Compensation (CDC) as the governing body. From 1981 to 1984, the Committee contracted with the National Plan Coordinators Inc. to provide administrative and marketing services. In 1985, the Committee took over responsibility for administering the program, and assumed marketing responsibility in 1986.

In 1988, the Committee initiated the Dependent Care Assistance Program (DCAP) for state employees. In 1989, the Committee began managing investments for the Judicial Retirement Account (JRA) as a result of an agreement with the Administrative Office of the Courts. In 1995, the state legislature decided to transfer administrative responsibility for the program to DRS. The merger of DCP and DRS took effect on July 1, 1996.

## What is DCP?

The program is a voluntary retirement savings plan established for employees of the state and other political subdivisions, elected and appointed state officials, members of the state legislature, and some judges. The program meets the requirements of Section 457 of the Internal Revenue Code.

The intent of the program is to provide additional income to participants upon retirement. By deferring part of their income, participants can reduce their taxable income each year. Participants can choose to invest in a number of different investment options, from a low-risk savings pool to higher-risk stock funds. The investments made each month grow tax free until they are withdrawn. The program provides participants with a means to easily save money and help supplement their other retirement income.

For more information about DCP, call the DCP Information Line at 1-888-327-5596 (for TDD call 1-877-847-6041). Representatives are available Monday through Friday, 8:00 AM to 5:00 PM Pacific Time except on holidays observed by the New York Stock Exchange.

## What is DCAP?

The program allows eligible employees to set aside a portion of their income, before federal and social security taxes, for reimbursement of child or elderly care expenses. The program meets the requirements of Section 129 of the Internal Revenue Code.

\*\*Data not available. These funds have not been in existence long enough to have performance history for these periods.

<sup>1</sup> Historic performance is not necessarily indicative of actual future investment performance, which could differ substantially. Total return assumes that an investment is made at the beginning of the period and redeemed at the end of the period after reinvestment of any dividends and capital gains distributions. Investment return and principal value may fluctuate so that your investment, when redeemed, may be worth more or less than the contributions to your individual account. All returns are calculated in U.S. dollars.

<sup>2</sup> Estimated returns the portfolio would have earned using the return data from the various components.

<sup>1</sup> Revenues associated with the Dependent Care Salary Reduction Program flow initially to various state agencies in the form of employer OASDI and Medicare tax savings, the State Treasurer in the form of interest, and to the dependent care administrative fund in the form of forfeitures. The figures for OASDI estimated tax savings are after removal of salary reductions deemed to occur above the taxable wage base.

<sup>2</sup> The agency attempts to avoid forfeitures. Forfeiture is required under federal law when a participant sets aside a greater amount than s/he incurs and is able to have reimbursed by the program. The number and amount of forfeitures are determined as of March 31, the annual deadline for submitting claims for reimbursement of expenses.

<sup>3</sup> Effective July 1, 1993, by legislative direction, the Committee for Deferred Compensation (now DRS) bills state agencies with participating employees a percentage of the payroll taxes saved by the agency and uses these amounts to operate the program. Previously, agencies were permitted to retain all of these payroll tax savings. Now they retain approximately 49 percent of the savings.
